

ANNOUNCEMENT

The new TeraPlast investors section

TeraPlast SA launches the new web section dedicated to its shareholders and investors.

The information available so far at <https://www.teraplast.ro/investors/> will be available starting May 29, 2020, at <https://investors.teraplast.ro/>

The redesign of the previous section aimed at improving the user experience in identifying the relevant information, as well as offering a new functionality – the IR newsletter.

Depending on the selected option, by subscribing to the IR newsletter the users receive updated information regarding TeraPlast's corporate events and the Group's activity.

The new platform is in line with TeraPlast's objectives to improve continuously and to implement corporate governance best practices.
