DEMO COMPANY

* Name

* National identification number

We use the national identification number to be able to identify you from the shareholder list.

* ID number and series

Ex: RT123123. We use this info for the event in which the central depository provides us the ID series and number instead of the national security number.

Your request has reached the Company.

As soon as the voting session begins, you will be able to express your voting options by mail and/or live during the General Meeting.

eVote is a complete solution for carrying out General Shareholders' Meetings, including all the possibilities to participate in the meeting by mail, online or in person.

eVote Features

- online view of the audio-video transmission in the meeting room
- “live” vote system during the meeting or “off-line” vote before the meeting
- accommodation of all participation forms in the GMS, while voting options can be expressed both physically and electronically, by mail and live
- visualization in the application of the agenda and support materials
- quorum permanently updated and displayed to all participants in the meeting
- automatic calculation of votes received at the meeting
- pre meeting quorum
- the possibility to ask “online” questions during the meeting to the chairman or to make notes in the minutes

Benefits for companies that use eVote

- complete solution for carrying out the General Meetings of Shareholders
- accuracy in counting cast voting options and GMS quorum
- optimized costs in terms of time allotted, consumables, allocated human resources and generally high expenses with the GMS location
- enhanced corporate governance
- increase in the company's liquidity generated by the increase in the attractiveness of shareholders towards the company
- improved market value as a result of the open approach and Company's good communication with the investing public
